Professional Summary

IT Infrastructure and Network Support Engineer with 5+ years of hands-on experience across network infrastructure, systems administration, Windows Server, Active Directory, Wi-Fi deployment, structured cabling, troubleshooting, desktop support and field engineering. Experienced across education, healthcare, commercial environments and freelance infrastructure assignments in France. Based in Paris and preparing to begin an MSc in Cybersecurity Management at ECE Paris in October 2026.

Professional Experience

Freelance IT Consultant & Field Network Engineer

Self-employed | France | 2026 - Present

- Provide on-site field engineering and remote-hands support for infrastructure assignments in France.
- Perform rack-and-stack, server hardware replacement, structured cabling, patching, labeling and network-device installation.
- Install and support routers, switches, wireless access points and associated peripherals under remote implementation guidance.
- Carry out desktop support, hardware troubleshooting, connectivity checks and post-installation validation.
- Document work using inventories, cable/port labels, before/after photographs and handover notes.

Senior IT Technician - Infrastructure & Systems

USTED (formerly AAMUSTED) | Kumasi, Ghana | Aug 2022 - Sep 2025

- Supported IT infrastructure serving 500+ staff and 40,000+ students across multiple campus buildings.
- Administered Windows Server 2012/2016/2019, Active Directory, Group Policy, backups and systems monitoring.
- Deployed 30+ Ubiquiti access points and 5 M5 point-to-point links.
- Designed and implemented LAN/Wi-Fi infrastructure for a 1,500-seat lecture block.
- Supported LAN/WAN, switching, wireless connectivity, endpoint troubleshooting, SCOM and conferencing services.

IT Technician & Network Support / NHIS Claims Officer

Sunyani Road Church of Christ Mission Hospital | Kumasi, Ghana | Oct 2024 - Sep 2025 | Part-time

- Designed and supported hospital LAN/Wi-Fi infrastructure and endpoint connectivity.
- Administered Windows Server and supported healthcare systems and users.
- Handled NHIS claims processing using ClaimIt while maintaining data integrity.

Freelance IT Consultant & Field Network Engineer

Self-employed | Ghana | 2019 - 2025

- Delivered 10+ network, Wi-Fi, structured cabling, CCTV and support projects.
- Kwasi Oppong Schools: deployed 64+ CCTV cameras across two locations with supporting Wi-Fi/LAN.
- Ghanaian German International School: installed Arlo cameras integrated with Wi-Fi/LAN.
- Lucienne Community School: implemented a complete Wi-Fi and LAN solution.

IT Technician (National Service)

USTED (formerly AAMUSTED) | Kumasi, Ghana | Sep 2021 - Aug 2022

- Assisted with Cisco networking, routing, switching, Windows Server and Active Directory.
- Provided tier 1/2 technical support and preventive maintenance across departments.

IT Technician

Seneps Data Solutions | Kumasi, Ghana | 2016 - 2021 | Part-time

- Diagnosed and repaired desktop, laptop, peripheral, hardware and software issues.
- Installed and configured LAN networks for small businesses.
